

How to create a campaign.

Learn how to use the Kim Campaign Functionality to allow for one-to-many distribution.

March 2024

This Video

Our Campaign feature is designed to capture and/or confirm data from multiple recipients via one-to-many distribution.

Its uses include information security checklists, compliance campaigns, RFP responses, client surveys and data cleansing exercises.

Upload the form you want to complete, send it to multiple recipients, and receive the responses and data. By incorporating personalized campaign creation, reminders, and comprehensive tracking and reporting, this feature ensures that compliance, data collection, and information sharing are streamlined for optimal efficiency.

DescriptionHR Update Record

Update Your HR Record

As we transition to a new HR system, we want to make sure that there is no interruption to your salary being paid to your account. We are also taking the opportunity to make sure that you are added correctly to all our core systems, from HR to compliance, and that we have all your contact details in case of an emergency. Please provide the details below. This information is treated by Kim as sensitive and strictly confidential. It is managed in line with our data security and privacy policies (please see the company handbook). If you have any questions, please contact hrsystems@kimtechnologies.com

Kim Document - The form, document and records management office productivity tool

Help Tegan Phillips

Before configuring your campaign, you need to enable the delivery method. There are 3 options:

1. O365 Integration for your personal email address.
2. O365 Integration for your organization's service account.
3. If you do not have O365, you can set up a custom SMTP.

1. Your Name

For O365 integration, select "Properties."

To change from the default Kim email account to O365, toggle "Use default KIM Email Service Account."

The screenshot shows the 'Application properties (HR Update Form)' dialog box in the Kim Document application. The dialog box has a sidebar on the left with the following options: Properties (selected), Settings, API Inbound Integration, API Outbound Integration, Attachments, Manage Subforms and Subrecords, Document Assembly, Logs, Reference Number, and Renewals & Alerts. The main content area of the dialog box contains the following fields:

- Default Form Wizard Description** (this value displays on the wizard form's description when invoked): HR Update Record
- Use your email account to access Kim Document to send emails.** Note that this feature only works with **Microsoft Office 365 accounts**. Once you enter your email, an email will be sent to the specified email address. You will need to consent to Kim Document's use of the specified email.
- Kim Document Email Integration** (link): Use default KIM Email Service Account. (toggle switch is turned off)
- Friendly-From email name** (name that will appear in the From field instead of the email address.) *: Kim HR
- Category** (the section in the sidebar that the document will be listed under.) *: HR Forms
- Audience** (the Users who will be able to access this Application.): Default (tegan.phillips@kimtechnologies.com(Tegan Phillips))

At the bottom right of the dialog box are 'Update' and 'Cancel' buttons. The background shows the Kim Document application interface with a sidebar on the left containing 'Get Started', 'Examples', 'Applications', 'HR Forms', and 'Welcome'. The 'HR Update Form' is selected in the 'HR Forms' section. The bottom of the screen shows the Kim Document logo, version 8.1.3, and copyright information.

Update Campaign Send Reminders Restart Campaign Close

Select the "Campaign End Date (Optional)".

Do not select an end date if the form you use in the campaign is frequently used for ongoing processes (e.g. supplier onboarding).

The screenshot shows the 'Prefill Campaign' form in the Kim Document application. A yellow arrow points from the 'Prefill Campaign' option in the left sidebar to the 'Campaign End Date (Optional)' field. The form includes the following fields:

- Respondents/Status**: Prefill Campaign
- Campaign Email Owner ***: tegan.phillips@kimtechnologies.com
- Campaign Start Date (Optional)**: 14 March 2024
- Campaign End Date (Optional)**: 31 March 2024 (highlighted with a yellow box)
- Initial Email Subject ***: Update Your HR Record - Kim Confidential CUSTOMER EXAMPLE
- Initial Email Body (Important - Do not remove [\$tags]) ***: Hello [\$userFirstName],

At the bottom of the form are four buttons: **Update Campaign**, **Send Reminders**, **Restart Campaign**, and **Close**.

Enter the "Return URL (Optional)". This is where the recipient will be taken once the Kim Webform has been submitted (e.g. you may want to take a user to a page on your website).

Draft the "Initial Email Body" without removing the link to the form that is already pre-populated.

The screenshot shows the 'Edit Campaign' modal in the Kim Document application. The modal has a dark header with 'Kim Document' and a user profile 'Tegan Phillips'. The main content area is divided into two tabs: 'General' and 'Respondents/Status'. The 'General' tab is active, showing a text field for the email address 'tegan.phillips@kimtechnologies.com' and a date picker for the 'Campaign Start Date (Optional)' set to '14 March 2024'. Below these is a text field for the campaign title 'Update Your HR Record - Kim Confidential CUSTOMER EXAMPLE'. The 'Initial Email Body (Important - Do not remove [\$tags])' field is highlighted with a yellow box and contains the following text: 'Hello [\$userFirstName],', 'As we transition to a new HR system, we want to make sure that there is no interruption to your salary being paid to your account.', 'We are also taking the opportunity to make sure that you are added correctly to all our core systems, from HR to compliance, and that we have all your contact details in case of an emergency.', and 'Please click the link below, enter your unique access code and complete the form.' At the bottom of the modal are four buttons: 'Update Campaign' (blue), 'Send Reminders' (grey), 'Restart Campaign' (grey), and 'Close' (white).

All Incomplete Complete

To upload a user list, go to "Upload User List."

To access the XLS template containing the data points that need to be included in the uploaded XLS, select "Example List". Save the file and fill in the required information.

Note you have to use this XLS format.

The screenshot shows a software interface with a modal window for uploading a user list. The modal is titled "Example list" and contains the following instructions:

- The moment you Upload a User List or Add Users they will immediately receive an email to participate in the Campaign so please make sure that you have taken all other actions before completing this step
- Lists are limited to 2000 rows.
- Lists must be a CSV text file.
- Lists must be maximum size 500 KB.
- Lists must be in our specified format. Click link for example.
- Phone numbers are optional.

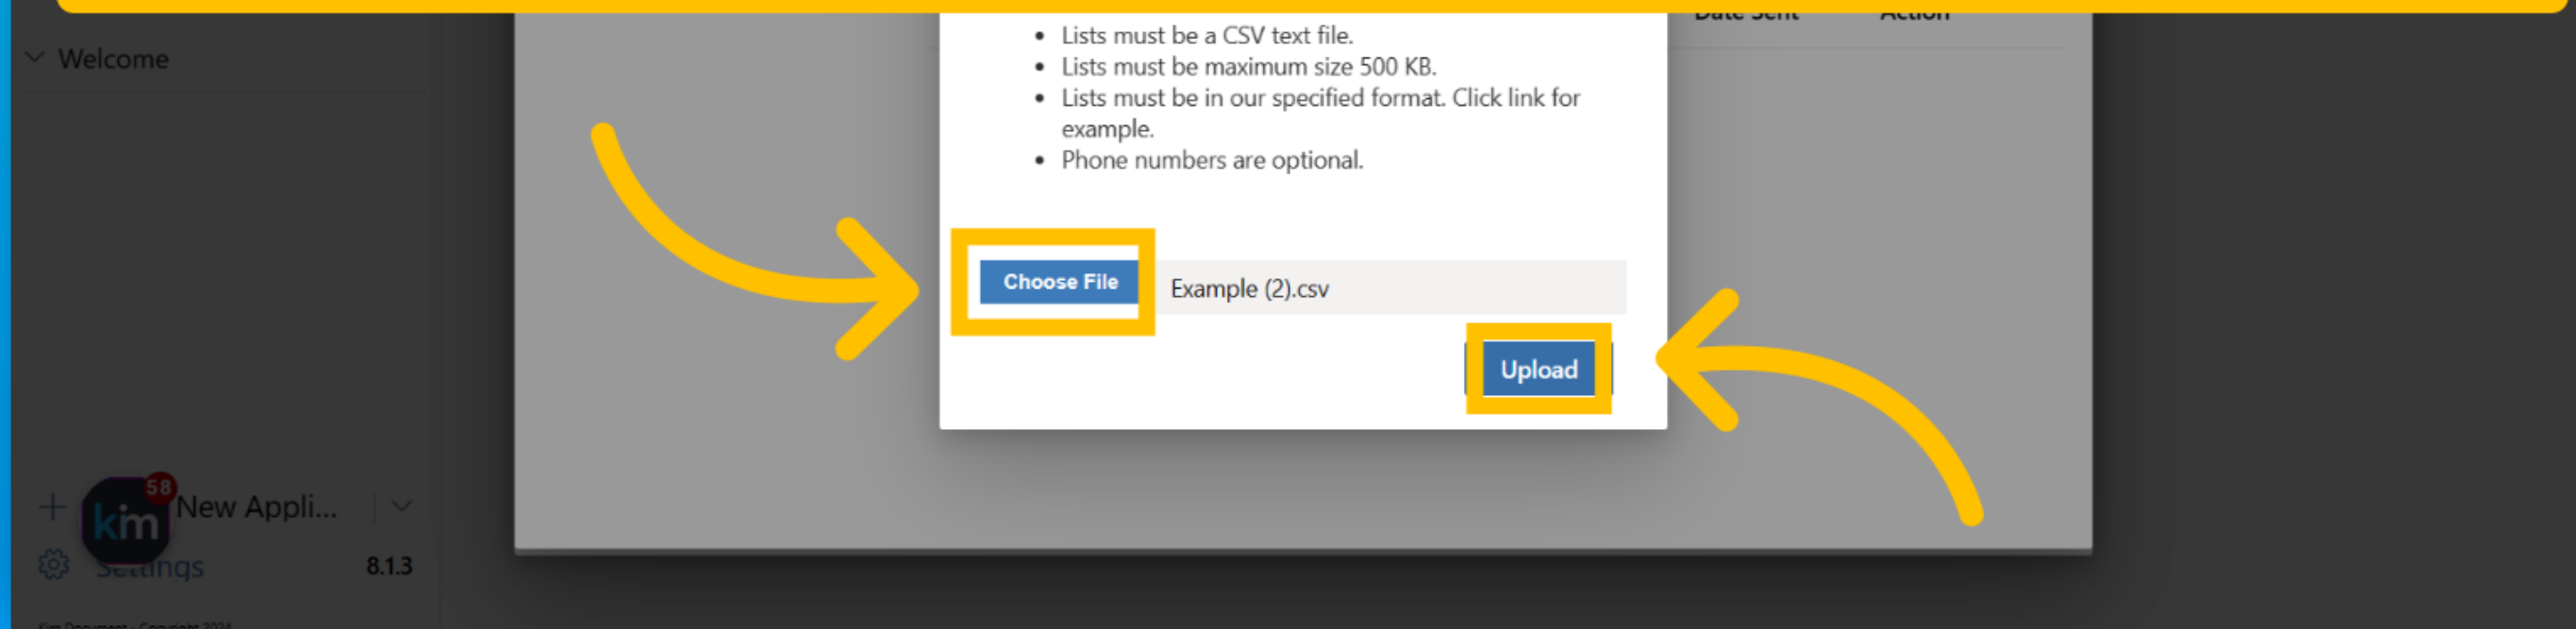

Below the instructions, there is a "Choose File" button and a text input field. At the bottom right of the modal is an "Upload" button. A yellow arrow points from the text "Note you have to use this XLS format." to the "Example list" link in the modal header.

The background interface shows a sidebar with "HR Forms" and "Welcome" sections, and a main area with "Respondents/Status" and "Prefill Campaign" tabs. A table with columns "Date Sent" and "Action" is partially visible.

Kim Document - Copyright 2024

You can upload the completed XLS by clicking "Choose File" and then selecting "Upload". As soon as the file is uploaded, the recipients will receive the first campaign email.

You can track and monitor responses by checking the campaign response status in your Application's menu.
